

FGBC Committee Sign-up Form

Committees are the lifeblood of a successful organization. Their members do the real work of the organization and they are indispensable to an organization's success. We encourage every member to take an active part in at least one committee. Remember that you only get out what you put into an organization and our strength depends on your involvement.

If you are interested in serving on a committee, please complete the "FGBC Committee Sign-up Form" below and return it with your Membership Application.

FGBC has two categories of Committees: **Standing Committees**, which are established in the Bylaws; and **Working Committees**, which operate under a Standing Committee and are established by the Board of Directors to accomplish specific tasks.

Education Committee: Responsible for developing educational materials and programs that can be promoted to members, industry and the public. Oversees the following working committees:

- GreenTrends Conference

Nominating: Oversees the FGBC election processes.

Program & Promotion: Responsible for membership development, communication strategies and the marketing of the Corporation's programs. Oversees the following working committees.

- Awards & Recognition
- Partnerships Program
- Membership Development
- Fund Raising

Standards: Responsible for the oversight of the standards development process, compliance with the Standards policies, and the annual review of modifications to the Standards such that the Standards remain Competitive, technically accurate and incorporate best management practices. Oversees the following working committees.

- Green Homes
- Green Commercial Buildings
- Green Land Developments
- Green Local Government
- Green Affordable Housing
- Green High-Rise Residential

The leading certifier of green projects in Florida

OUR MISSION

To lead and promote sustainability with environmental, economic, and social benefits through regional education and certification programs.

FGBC STANDARDS

- Residential
- Commercial
- Land Development
- Hi-Rise Multi-Family
- Local Government

BENEFITS OF CERTIFICATION

With ease of use, low-cost certification fees, and climate-specific criteria, the FGBC "Florida Green" certification standards help get optimal building performance and the best return on investment from your projects.

- Improved Energy Efficiency
- Water conservation
- Safer and more durable for less maintenance
- Reduced owner operating costs
- Healthier materials for improved indoor air quality

What's in it for You?

Recognition—Building to the FGBC standards gives your projects a marketing advantage. It shows you are dedicated to providing a product that is sustainable, healthy and efficient to operate.

Networking—Getting motivated by new ideas, expanding your contact base, and increasing awareness about your company are always important in a successful business. Through regional events, FGBC's annual GreenTrends Conference, and committees, you have unlimited opportunities.

Education—Enhancing your professional skills demonstrates you are a leader and dedicated to providing quality services to your customers. FGBC's publications, website and conferences keep you on the leading edge of green building.

Low-Cost Certification Fees;
User-Friendly Certification Process

USA Today reported green homes sell in 22% less time.

Seattle-based Ecert reported green certified new homes sell for 9.2% more per square foot in 24% less time and make up 34% of the market.

In a National Association of Home Builders survey of Gen-Xers, 75% said they were willing to pay \$5,000 more for a green home.

The FGBC Advantage

FGBC certification programs are the only green building standards available that incorporate **Florida-specific criteria** and resources for building in our hot-humid environment. Strategies that address solar heat gain, water conservation, moisture damage, mold, and hurricane mitigation result in optimal building performance, thus reducing operation and maintenance costs to owners.

FGBC's trained, independent evaluators and Certifying Agents verify that the project includes all of the green features specified.

FGBC Standards are endorsed by:
The Florida Legislature
The Florida League of Cities
Florida League of Mayors
The Florida Home Builders Association

FGBC's GreenTrends Conference & Tradeshow draws an active green building audience of industry professionals and local government staff, so whether you need to learn about the latest cost-saving strategies, or demonstrate the value of your company, FGBC can help you discover new possibilities.

Come be a part of our growing success!
